

Petroleum Registry of Alberta

## Registry Tip

# **Release of revised edition of ERCB Directive 007: Volumetric and Infrastructure Requirements and On-Line Supplement to Directive 007**

Release/Revision Date	Location of Change in this Document	Comment
September 20, 2011		Initial Release

**Audience:** All Stakeholders

**Purpose:** To notify stakeholders that *Directive 007: Volumetric and Infrastructure Requirements* and the *On-Line Supplement to Directive 007* have been updated effective September 20, 2011.

**Background:** Since the last release of Directive 007 and the On-Line Supplement in December 2007, several ERCB process initiatives have been implemented that have resulted in volumetric reporting changes at the ERCB.

These revised editions of Directive 007 and On-Line Supplement is a consolidation of existing ERCB requirements and processes which have also been communicated in ERCB tips posted on the Registry website.

Refer to [ERCB Bulletin 2011-27](#), [Directive 007](#) and the [On-Line Supplement](#) found on the ERCB website [www.ercb.ca](http://www.ercb.ca)
