

Contact Information Enhancement

Jurisdiction	Release/Revision Date	Location of Change in this Document	Comment
AB/SK	May 31, 2013		Initial Release

Audience: All AB and SK users

Purpose: To describe enhancements made to the Petrinex contact functionality in Infrastructure allowing users to view contact information.

Background: Enhancements have been made to the Petrinex contact functionality allowing users to view contact information on the following Infrastructure screens:

- **Query Well Status** - users may select a specific status and the contact information related to the selected status will be displayed.
- **Query Facility Information** - the contact information displayed is based on the most recent change for the given facility for the given date range.
- **Change Facility Operational Status** – the contact information is displayed based on the most recent change to the facilities operational status.

More information: Please contact the PETRINEX Service Desk.
