

Saskatchewan Enhanced Production Audit Program (EPAP) Change Leader

Jurisdiction	Release/Revision Date	Location of Change in this Document	Comment
SK	January 5, 2016		Initial Release

Audience: All Saskatchewan Users

Purpose: To remind Saskatchewan facility operators that they are expected to provide Petrinex with the name and contact information for an Enhanced Production Audit Program (EPAP) Change Leader as soon as possible.

Background: In May 2015, the Ministry of the Economy (ECON) introduced Saskatchewan *Directive PNG017: Measurement Requirements for Oil and Gas Operations*, which was developed in consultation with Industry and was posted for comment on ECON's website at:
<http://economy.gov.sk.ca/NoticeToOperators>.

ECON is also in the planning stages related to implementation of EPAP in Saskatchewan. EPAP was implemented in Alberta in 2010 and was incorporated into Petrinex in 2014.

As a communications tool to ensure that all operators are well informed with respect to implementation plans, including training and timing for EPAP implementation in Saskatchewan, ECON is working with Petrinex to establish an EPAP Change Leader contact list for Saskatchewan. Change Leaders will be the primary point of contact for information and communications related to EPAP and are responsible for ensuring that all the operator's staff are kept

informed and are prepared for meeting the new requirements.

Key Principles:

ECON will be adopting EPAP functionality in Petrinex for Saskatchewan operators effective April 1, 2016, which coincides with the coming into force of Saskatchewan *Directive PNG017: Measurement Requirements for Oil and Gas Operations*.

Change Leaders will be the primary point of contact for information and communications related to EPAP in Saskatchewan and are responsible for ensuring that all the operator's staff are kept informed and are prepared for meeting the new requirements. Change Leaders will also be made aware of information sessions and training resources associated with the program.

Each operator is asked to provide contact information for your Saskatchewan EPAP Change Leader as soon as possible to Mallory Brown at Petrinex by emailing Mallory.Brown@gov.ab.ca or calling (403) 297-5217.
