

Revised Directive 007: Volumetric and Infrastructure Requirements and Manual 011: How to Submit Volumetric Data to the AER

Jurisdiction	Release/Revision Date	Location of Change in this Document	Comment
AB	Feb 19, 2016		Initial Release

Audience: All Alberta Energy Regulator (AER) stakeholders

Purpose: To notify AER stakeholders that all references to *Directive 019: Compliance Assurance*, which has been rescinded, and all related information has been removed from *Directive 007: Volumetric and Infrastructure Requirements and Manual 011: How to Submit Volumetric Data to the AER*.

Key Principles: The AER has implemented the new Integrated Compliance Assurance Framework (ICAF) and Compliance and Enforcement Program Manual (C&E Manual). Information on compliance and enforcement can be found on the AER website.

The following two reference documents are available on the AER Website at <http://aer.ca/rules-and-regulations/directives/directive-007>.

- The AER Enforcement Action Review Template has been changed to **AER Invoice Review Template**.
- The Fee Table - *AER Error Message Identifier Description and Associated Noncompliance Fee table* has been changed to **AER Error Message Identifier Description and Associated Fee table**.

There has also been a change to the Invoice- *Notice of Low Risk Noncompliance Volumetric Reporting Deficiencies*, which has been changed to **Notice of Noncompliance – Noncompliance Fees**.

Refer to **AER Bulletin 2016-01**, **AER website <http://aer.ca/rules-and-regulations/bulletins>**, for more information on the release of the Integrated Compliance Assurance Framework and Manual 013: Compliance and Enforcement Program; Rescission of Directive 019: Compliance Assurance,
