

Volumetrics – Allow SK Operators to View Facility Level Gas Plant Information for Another Operator's SK Gas Plants

Jurisdiction	Release/Revision Date	Location of Change in this Document	Comment
SK	December 20, 2019		Initial Release

Audience: All Saskatchewan Operators

Purpose: To inform SK Operators that functionality has been added to Petrinex to allow users the view facility level gas plant information for another operator's SK gas plants.

Background: The Ministry of Energy and Resources has determined that it will allow SK operators the ability to view another operator's facility level gas plant information excluding the From/To facility IDs, effective December 4, 2019. As per screen shot below:
