

New Petrinex Batch Validation Downloadable Report

Jurisdiction	Release/Revision Date	Location of Change in this Document	Comment
AB, SK, BC, MB	August 8, 2024	Initial Release	

Audience: All Petrinex Users

Purpose:

To inform Petrinex users that effective August 8, 2024, Petrinex implemented updates to batch validation notifications. A new downloadable report will be available for all batch validation notifications associated with Validation Failure and Validation Success with Warning. The original “text only” notification details will still be available; however this downloadable version will allow sorting and filtering of the validation results. This will not impact batch validation Success notifications.

A new column heading  is displayed on the Petrinex In-Box Notifications screen and when applicable the dropdown icon will be displayed beside the appropriate validation results notification.

Petrinex In-Box Notifications

Date/Time	Notification #	Message Subject	 Facility ID	Facility Name
2024-07-22 14:28	OPS015	Validation Results OPS (Split): Failure - [CR 4...		

The downloaded file will open in excel and display information specific to the type of batch file that was submitted. Standard columns include the type of file submitted, file number, number of submissions: received, successful, partially successful and rejected. All the other columns will detail the various data elements submitted and any error message codes and descriptions applicable to this particular type of batch submission.

This downloadable file will allow users to filter and sort their notifications results making it easier to find the items that need attention.
