Jurisdiction	Release/Revision Date	Location of Change in this Document	Comment
AB/SK	Nov 7, 2024		Initial Release

**Audience:** All Alberta and Saskatchewan IOGC Users

**Purpose:**

To inform Industry of Petrinex enhancements made effective November 7, 2024, to the Indian Oil and Gas Canada (IOGC) existing GCA1, GCA2 and GCA 3 status types to include a new status “DENIED”.

**Background:**

IOGC currently rejects submissions of GCA1, GCA2 or GCA3 forms if incorrectly submitted or missing any pertinent/expected information/data. Effective November 7, 2024, if IOGC sets an incorrect or incomplete GCA1, GCA2 or GCA application into REJECTED status, Industry has up to 10 working days to resubmit these applications. If not resubmitted within the 10 working day timeframe applications in REJECTED status will be set to DENIED status and processed with a zero rate. The DENIED status can only be set by IOGC, however Industry can request IOGC to set the status back to OPEN.
