

IOGC GCA1 Notification When No Active Wells Linked to GCA1

Jurisdiction	Release/Revision Date	Location of Change in this Document	Comment
AB and SK	March 6, 2025		Initial Release

Audience: Alberta and Saskatchewan IOGC Stakeholders

Purpose:

To inform First Nation of Interest facility operators that effective March 6, 2025, Petrinex will send a notification when a GCA1 exists with no active wells linked to the facility.

Background:

Two new notifications *IGCAN028* and *IGCAN032* will be sent to the facility operator indicating that modifications are required for a the IOGC Facility Cost Centre – GCA1 application as there is no longer a valid well for the existing GCA1.

Examples:

IGCAN028

IOGC Facility Cost Centre - GCA1 Application for Facility [AB BT 0000001] [Tommee 7-36] FlowLine [3] modification is required due to Well Event Link Change. As the operator, you will be required to amend or terminate a GCA1 for this Facility as of 2025-02-01 12:00:00 AM as the well is no longer valid for the existing GCA1. Well Links changed: ABWI100062202504W400, ABWI100040402504W400, ABWI100100902504W400, ABWI100161002504W403, ABWI100161002504W404, ABWI100161002504W405

IGCAN032

IOGC Facility Cost Centre - GCA1 Application for Facility [ABBT000001] [Tommee 10-17] modification is required due to Well Event Link Change. As the operator, you will be required to terminate a GCA1 for this Facility as of 2022-09-02 as there is no active well for the existing GCA1. Well Links changed: ABWI100131604558W400
