

Registry Tip

Changes to Query Results of Transportation Allowance and Overdelivery Claims

Release/Revision Date	Location of Change in this Document	Comment
August 08, 2005		Initial Release
August 10, 2005	Key Principles	Third paragraph – NOTE – provides additional information

Audience: All Stakeholders

Purpose: This tip informs clients of changes to the results the Registry will return when they query Transportation Allowance and Overdelivery Claims screen for a single delivering facility.

Background: Currently, when Transportation Allowance and Overdelivery Claims screen is queried for a single delivering facility, only the last record is displayed.

Key Principles: As of August 8, 2005, when Transportation Allowance and Overdelivery Claims screen is queried for a single delivering facility all records that have been submitted for that facility will be listed.

The order of the list will have the most current record at the top of the list with the rest of the records beneath in amendment number order.

NOTE: Due to the source of this information, the APMC extracted date will not be shown under this type of query for records extracted prior to the implementation of this change. The correct APMC extracted date is still shown when all delivering facilities

Petroleum Registry of Alberta

are queried, or in the Edit Transportation Allowance and Overdelivery Claims screen. The APMC extracted date will be displayed when querying a single delivering facility for all records extracted subsequent to the implementation of this change.
